

## **Clerk's Report**

**Monday 17 March 2025**

- The pool and table tennis tables have now found a new home. The equipment has gone to a club for disabled children in Farnham.
- The tennis club will be putting up their signs outside the Parish Hall again this year, with the promise to remove them on time.
- The delivery of the skip to take away rubbish accumulated on the allotments has been delayed because the ground is still too soft for the lorry to unload. As soon as the ground has dried out, allotment holders will be advised of the delivery.
- The Police and Mole Valley JET team have been advised of the anti-social behaviour that has taken place on Beare Green recreation ground. An electric scooter has been ridden on the ground, causing damage to the football pitch and pavilion door. The local PCSO has advised that she will visit the culprit.
